

# Magic Deploy

Persistent's Magic Deploy is an Appian application that automates the complete deployment workflow for any Appian application including (database scripts), utilizing Appian APIs to inspect and import packages into a specific Appian environment without requiring a deployment team member to login to the Appian environment to complete the deployment.

Magic Deploy provides governance and audit for all Appian application deployments including Release Notes, Dev Review Comments and Deployment Logs.

## Magic Deploy

Magic Deploy automates the complete deployment workflow, including approvals, signoffs, escalations and notifications.

## Design Deployment Workflow

For each deployment, the review and approvals workflow is configurable.

## Deployment Details

Efficient mechanism to record all deployment details—Release Notes, Dev Review Comments, Approvals.

## Deployment Calendar

Complete visibility into the Appian deployment calendar—team, project, sprint and application owner details.

## Download Inspect/Import Logs

The complete inspect/import logs for any deployment can be reviewed and downloaded.

## Deployment States

The 'state' for each deployment updated in real time—scheduled, reviewed, approved, on time, delayed/retry, failed/completed.

## Monitor Stages Live

Real time reporting on all deployments, and automated deployment communication to all stakeholders.

## About Persistent

We are a trusted Digital Engineering and Enterprise Modernization partner, combining deep technical expertise and industry experience to help our clients anticipate what's next. Our offerings and proven solutions create a unique competitive advantage for our clients by giving them the power to see beyond and rise above. We work with many industry-leading organizations world-wide including 14 of the 30 most innovative US companies, 80% of the largest banks in the US and India, and numerous innovators across the healthcare ecosystem. Our company fosters a values-driven and people-centric work environment. Our strength of over 22,500+ employees is spread over 18 different countries across the globe.
